

**Alone we do little;
together we do much!!**

Dear Pastor and/or Children's Ministry Leader,

In today's church, children's ministry is central in reaching and keeping families. Children's ministry normally uses the most volunteers, requires the most maintenance, and if executed with excellence, will reach the most families.

The **Children's Ministry Leadership Summit** is designed to give your children's ministry the leadership skills that provide for excellence. Your children's leader will build relationships with other leaders who will help them implement a winning team.

Our goal is to see children's leaders uniting volunteers to reach a shared destiny. Consider sending your Children's Ministry Leader(s) to the Summit. We will be offering several breakout sessions and allowing more time for leaders to connect around topics of interest.

You will have the opportunity to nominate roundtable topics when you arrive. This is *your* Leadership Summit; don't miss the start of the race!

Serving Him, serving you,
George Krebs
PennDel CE Director
