

Dear Pastor/Children's Pastor,

Greetings! I hope this letter finds you well and ready for the Christmas season!

Every year we host a Children's Ministry Leadership Summit at the Bongiorno Conference Center in Carlisle, PA. Our focus is on developing the leadership skills needed to be effective in ministry. Our main application is to Children's Ministry, but leadership is leadership; it applies to all facets of ministry and life.

We encourage you to send that paid or volunteer leader. They will return back to your church with a passion to lead as never before. If you are the children's leader, we invite you to treat yourself to three days of teambuilding, leadership growth, connecting and spiritual soul searching.

Many times I receive calls from lead pastors telling me their children's person is great with the kids but drops the ball with other ministry responsibilities. This is why we host the leadership summit; it's our desire to develop leaders who continue to grow.

I believe family/children's ministry to be one of the most important ministries of the local church. If I can help you please let me know - we look forward to seeing you there!
